Director: Denis Zaicevs
Contact person: Andrejs Morohins
Position: CEO
Languages: Latvian, Russian, English, German
Number of employees: 82
Year of foundation: 1997

Turnover in 2008 EUR: 14 513 292
Turnover in 2009 EUR: 14 940 154
Turnover in 2010 EUR: 22 765 949
Turnover in 2011 EUR: 33 843 598

Main markets: EU, Germany
Business profile: Manufacturing of Secondary and Primary Aluminium Alloys ingots. Processing and trading of non-ferrous and ferrous metals scrap. Utilization of all kind of electrical and electronic equipment (WEEE), including used batteries, galvanic cells, luminous tubes etc. Management of segregated wastes (plastic, rubber, PET, used tyres, glass, wood, paper etc.) and packing materials. Producing of forged Aluminium and Steel parts.

Certificates in use: ISO 14001, ISO 9001, OHSAS 18001
Technology facilities in company: Casting of non-ferrous metal ingots

Business activities according to NACE 2 codes: 29.3 Manufacture of parts and accessories for motor vehicles, Supplier of materials, 38.3 Materials recovery, 24.5 Casting of metals

Comments: direct and indirect supply of casted aluminium ingots for automotive casted aluminium parts manufacturers in Germany

**Business profile:** SIA KMM Metāls is an industrial-trading company dedicated to produce continuous cast bronze bars and tubes for further application in fields of manufacture, civil engineering, motor industry, oil and mining and other fields, being crucial components, where high elongation and wear resistance is required. As supplier for sanitary-heating equipment manufacturers we take 5% of segment on the European market! Also we offer advanced CNC turning machining (including milling and boring). Assortment of precision parts includes a large variety of different fittings, bushes, axle-bearings, lined bearings, needles and other rounded billets. Goods are to be machined from all grades of metals: steels including high alloy and stainless steels, brass, aluminium, bronze, copper alloys etc.

**Looking for cooperation in the area of:** We as exporters are interested in companies which are the potential Buyers of our products, Manufacturers, End users and Traders, Wholesalers also interested in representatives of our company abroad.

**Certificates in use:** OHSAS 18001, ISO 14001, ISO 9001

**Technology facilities in company:** CNC turning, Casting of copper and brass components, Casting of non-ferrous metal ingots, Casting of bronze components, Chemical composition tests of metal, Mechanical property tests of metal

**Business activities according to NACE 2 codes:** 28.9 Manufacture of other special purpose machinery, Supplier of materials, 38.3 Materials recovery, 24.4 Manufacture of basic precious and non-ferrous metals, 24.5 Casting of metals, 25.1 Manufacture of structural metal products, 25.8 Manufacture of other fabricated metal products

**Comments:** Direct and indirect supply of continuous cast bronze bars and tubes for sanitary and automotive industries and CNC parts for manufacturers in Germany, France, Belgium, Poland, Austria and other countries.

Production of containers, belt conveyors, bent and welded steel structures, metal articles and parts, production metal parts on CNC turning-milling centres. Providing of metal surface electroplating, powder and wet painting. Engineering services. | Looking for cooperation in the area of: Production above named ready, semi-ready products or units and product-project development on contract or subcontract basis. | Business profile | DINEX LATVIA          | Sheet metal bending, CNC Sheet metal bending, Tube bending, 3D coordinate measuring (CMM), TIG welding, Spotwelding, MIG/MAG welding, Turning, Automatic turret lathes, Surface grinding, Milling, CNC turning, CNC milling, CNC machining centres, Sawing, Stamping, Shearing, CNC punching (perforating), CNC Laser cutting, Wire harnesses, Design services CAD | Manufacturing and distribution of structural metal products, tanks, reservoirs and containers of metal; manufacture of central heating radiators and boilers, production of electric motors, generators, transformers and electricity distribution and control apparatus, Treatment and coating of metals; general mechanical engineering | Supplies: direct and indirect supply for suppliers for industry: Hiab Group, Ensto OY, Metso Minerals, Fondarex |
| DINEX LATVIA     | Ltd.       | 40003468507     | Rubeņu ceļš 58, Cenu pagasts, Ozolnieku novads, LV-3002 | +371 63020200  | +371 63020059   | rpy@dinex.lv       | www.dinex.dk       | Mindaugas Siuskus | Mindaugas Siuskus | General Manager | Lithuanian, Russian, English | 250                  | 2000                |                      | 13 403 452             | 16 185 187             | 19 183 965             | USA, Turkey, EU, CIS | DINEX Latvia SIA is a part of DINEX Group with base in Denmark. The company is producing exhaust systems for trucks, busses and light commercial vehicles both for the aftermarket and for original automobile industries. At the same time the company is local sales company for the Baltic markets. Looking for cooperation in the area of: Business profile. | Technology facilities in company: Sheet metal bending, Deep drawing, CNC tube bending, Tube bending, TIG welding, CNC plasma cutting, CNC punching (perforating), Slitting, Stamping, Coil stamping, Production of moulds and dies, Design of moulds and dies, Production of stamps, Design of stamps, Surface grinding, Milling, Planing, shaping and slotting, CNC milling, Spotwelding, Robot welding, Turning, Automatic lathes, MIG/MAG welding, Roll bending, Hardening, Wet painting | Business activities according to NACE 2 codes: Manufacturing of parts and accessories for motor vehicles | Comments: supply for off-road commercial vehicles (exhaust parts for tractors, construction vehicles, other) , diesel generators, buses and trucks after sales markets. (passenger cars are not in the scope!) |
### DITTON PIEVADKŽU RŪPNĪCA

**Legal form:** JSC  
**Registration No.:** 40003030187  
**Address:** Vārku iela 17, Daugavpils, LV-5410  
**Phone:** +371 65402333  
**Fax:** +371 65445101  
**E-mail:** dpr@dpr.lv  
**WEB site:** www.dpr.lv  
**Director:** Pjotrs Dorofjevs  
**Contact person:** Tatjana Skitecka  
**Position:** Marketing director  
**Languages:** English, Russian, Latvian  
**Number of employees:** 344  
**Year of foundation:** 1949

**Turnover in 2009 EUR:** 6 360 237  
**Turnover in 2010 EUR:** 9 584 465  
**Turnover in 2011 EUR:** 12 336 891  
**Main markets:** Russia, Germany  
**Business profile:** Manufacturing of bush-roller and short-link chain for bicycles, motorbikes, cars, combined harvesters and for installation of diverse machines and equipment.  
**Looking for cooperation in the area of:** Realisation of products.  
**Certificates in use:** ISO 9001  
**Technology facilities in company:** Barrel finishing, tumbling, Phosphatizing, Hardening, Induction hardening, Carburizing, Non-destructive tests (NDT), Mechanical property tests of metal, Chemical composition tests of metal, 3D coordinate measuring (CMM), Shield-metal arc welding, Gear grinding, Gear making, Automatic lathes, Turning, Automatic turret lathes, Milling, Electrical discharge machining (EDM), CNC turning, CNC milling, CNC machining centres, Cylindrical grinding, Production of stamps, Sawing, Coil stamping, Stamping, Shearing, Wire erosion (EDM)  
**Business activities according to NACE 2 codes:** 25.6 Manufacture of other fabricated metal products, 25.1 Manufacture of structural metal products  
**Comments:** direct supply for Russian car and Belorussian tractor manufacturing industries

---

### INDUSTRY PARTNER LIMITED

**Legal form:** Ltd.  
**Registration No.:** 40003685848  
**Address:** Daugavgrīvas šoseja 6b, Rīga, Latvija, LV-1016  
**Phone:** +371 67806030

| **Turnover in 2009 EUR**: 4 363 041 |
| **Turnover in 2010 EUR**: 3 004 542 |
| **Turnover in 2011 EUR**: 5 573 389 |
| **Main markets**: Sweden, Finland, Germany, United Kingdom |
| **Business profile**: Manufacturing of the Transportation systems. |
| **Looking for cooperation in the area of**: Orders within – manufacturing of conveyors and their systems, metal construction for special use, hydraulic tables. Suppliers of bearings, speed-reducers, conveyor chains, laser cutting, gas cutting, plasma cutting, powder coating; machine work (turning and milling of large size). |
| **Certificates in use**: DIN 18 800, EN ISO 3834-2, EN ISO 3834-3, ISO 9001 |
| **Technology facilities in company**: MIG/MAG welding, Shield-metal arc welding, Gear making, Turning, Surface grinding, Milling, CNC milling, Cylindrical grinding, Sawing, Shearing, CNC plasma cutting, Wet painting, Shot blasting, Hardening, Roll bending, Sheet metal bending, CNC Sheet metal bending, TIG welding |
| **Business activities according to NACE 2 codes**: 28.2 Manufacture of other general-purpose machinery, 28.9 Manufacture of other special purpose machinery, 28.1 Manufacture of general-purpose machinery |

**Comments**: direct and indirect supply for Metso Minerals, Sandvik, Haki Group, Raute Group

**Contact person:** Arnis Balodis
**Position:** Sales manager
**Languages:** English, Russian, Latvian
**Number of employees:** 20
**Year of foundation:** 1998

**Turnover in 2009 EUR:** 900 001
**Turnover in 2010 EUR:** 1 000 000
**Turnover in 2011 EUR:** 1 365 265

**Main markets:** Latvia, Estonia, Lithuania, Denmark, Germany, Sweden

**Business profile:** Small and flexible family company involved in metal working, mostly operating as sub-contractor who is specialized in SHEET METAL PROCESSING and MACHINING by producing from simple to complex and precise components, sub-assemblies and final products made of steel, stainless steel and aluminium for different industries incl. OFF-SHORE, FOOD, WOODWORKING, MECHANICAL ENGINEERING, CONSTRUCTION and other industries by using CNC Laser cutting, CNC sheet metal bending, CNC roll bending, CNC tube bending, NC shearing, NC sawing, CNC turning, CNC 9-axle multi-functional turning and CNC milling machine-tools.

**Looking for cooperation in the area of:** Business profile. Manufacture of precise metal parts and assemblies with CNC machining and CNC sheet metal processing machine-tools.

**Technology facilities in company:** CNC Tubular laser cutting, CNC Laser cutting, Shearing, Water jet cutting, Stamping, Sawing, CNC machining centres, CNC milling, CNC turning, Milling, Surface grinding, Turning, MIG/MAG welding, Spotwelding, TIG welding, Tube bending, CNC tube bending, CNC Sheet metal bending, CNC roll bending, Sheet metal bending, Wire bending, Roll bending

**Business activities according to NACE 2 codes:**
- 25.7 Manufacture of cutlery, tools and general hardware, 25.6 Treatment and coating of metals; general mechanical engineering, 25.8 Manufacture of other fabricated metal products, 25.5 Forging, pressing, stamping and roll forming of metal; powder metallurgy, 25.1 Manufacture of structural metal products, 25.2 Manufacture of tanks, reservoirs and containers of metal; manufacture of central heating radiators and boilers

**Comments:** direct and indirect supply of various parts for automotive manufacturers.

**Turnover in 2007 EUR:** 1 449 016  
**Turnover in 2008 EUR:** 1 622 280  
**Turnover in 2009 EUR:** 808 903  
**Turnover in 2010 EUR:** 1 480 531  

**Main markets:** EU  
**Business profile:** Manufacturing of metal construction and details, sheet metal and other materials processing.  
**Looking for cooperation in the area of:** Mechanical engineering and metalworking industry, equipment for light and food industry, building and municipal engineering, electrical industry and systems of security technology, advertising and design.  
**Technology facilities in company:** TIG welding, Spotwelding, MIG/MAG welding, Shield-metal arc welding, Automatic lathes, Turning, Milling, CNC turning, CNC milling, Sawing, Water jet cutting, CNC punching (perforating), CNC plasma cutting, CNC Tubular laser cutting, Design services CAD. Tube bending, CNC Sheet metal bending, Sheet metal bending, Wire bending, Powder coating  
**Business activities according to NACE 2 codes:** 25.8 Manufacture of other fabricated metal products, 25.2 Manufacture of tanks, reservoirs and containers of metal; manufacture of central heating radiators and boilers, 25.1 Manufacture of structural metal products  
**Comments:** direct and indirect supply of metal frames for Mercedess Benz, IVECO, VOLVO, Scania trucks, Bucher Schoerling

**Turnover in 2008 EUR:** 5 430 029  
**Turnover in 2009 EUR:** 927 029  
**Turnover in 2010 EUR:** 985 583  

**Main markets:** Lithuania, Norway, Sweden, Finland, Estonia, Russia, Denmark, Latvia  
**Business profile:** We are specialized on designing and manufacturing of various types of semi trailers, trailers and bodies.  
**Looking for cooperation in the area of:** Mechanical engineering and metalworking.  
**Certificates in use:** ISO 9001  
**Technology facilities in company:** TIG welding, MIG/MAG welding, Turning, Milling, Shearing, CNC Laser cutting, Shot blasting, Powder coating, Sheet metal bending, CNC Sheet metal bending  
**Business activities according to NACE 2 codes:** 29.2 Manufacture of bodies (coachwork) for motor vehicles; manufacture of trailers and semi-trailers  
**Comments:** direct cooperation with Scania dealership in Latvia, indirect supply for IVECO, MAN, Mercedess Benz (rebuilding of chassis according to clients needs)
V. Assembling-works

**Business profile:**

We are a small team of passionate race car engineers and designers, specializing in off-road race car engineering and electric car conversions.

We design and build off-road race cars for endurance events such as Dakar and 24 hours de France. OSCar O3 is our ultimate off-road race car developed specially for Dakar and rally-raid racing, and has finished in every Dakar since 2006.

We provide the following products and services for autosport professionals, teams and individual drivers:

- OSCar O3 sales with complete support package for rally-raid and off-road events around the world.
- Custom race car and component engineering and development for rally, rallycross and autocross.
- Race car engine management system (ECU) installation and custom wiring services.
VI. Electrical and Electromechanical Manufacturing,
Sub-Contracting Companies

WEB site: www.axon-cable.com
Managing Director: Alain Guenon
Languages: French, English, Latvian, Russian
Number of employees: 424
Year of foundation: 2000

Turnover in 2009 EUR: 10 318 631
Turnover in 2010 EUR: 14 807 070
Turnover in 2011 EUR: 18 043 782

Business profile: production of
- Electric and hydroelectric wires, cables and harnesses
- "Connects" and "interconnects"
- Passive components and assembly
- Moulding of pieces

Main markets: EU, Russia

Products for:
- Military and aerospace industry
- Medical equipment industry
- Automotive industry
- Industrial equipment industry
- Railway industry

Capabilities:
- Cable & wire processing, harnesses in accordance to IPC 620 requirements
- Round and flat cable processing, single and multiconductor cables, coaxial cables, pico coax cables.
- Cutting, stripping, laser stripping, soldering, tinning, potting, low pressure molding, high pressure molding and overmolding, shielding
- Crimping and termination of wire and cables: terminals in strip semi automatic crimping, loose piece terminals, fully automatic cutting-stripping-crimping-tinning, MIL standard crimping.
- Coaxial cable assembly, High data rate assembly, Databus MIL-STD-1553, Micro-D, Nano-d, custom design assembly
- IPC trainers and specialist
- Design center, Engineering and Process industrialization
- Quality engineer working under military standard and automotive standard requirement
- X-ray inspection. 100% Electrical Testing

Certificates: ISO 9001: 2008; EN 9100 pending
### HANZAS ELEKTRONIKA

- **Legal form:** SIA

- **E-mail:** alvis.vagulis@hansamatrix.com  
- **Languages:** Latvian, Russian, English  
- **Number of employees:** 140  
- **Year of foundation:** 1999  

#### Turnover
- **2011 EUR:** 5 675 531  
- **2010 EUR:** 5 346 552  
- **2009 EUR:** 3 807 771  

#### Main markets
- Norway, Sweden, Finland, Denmark, Netherlands, United Kingdom  

#### Business profile:
HansaMatrix is offering one stop shop for complete manufacturing services solution comprising product design support, industrialization, manufacturing processes from PCB assembling, till complete box build, logistics, and after sales support.  
- Company operates two plants in low cost area - Latvia (Baltic country)  
- All the facilities are brand new, equipped with state of the art assembling technology – SMD FUJI NXT assembling systems and world class verification and traceability IT solutions. Company has very strong engineering workforce, including R&D, component, new product introduction, maintenance and quality engineering teams.  
- Company has high competences in volume manufacturing of high complexity PCBA, as well as box building. Special competences in manufacturing of GPS products, as well as using special treatment – various types' conformal coating and encapsulation of electronic circuits.  

#### Certificates in use:
- ISO9001; ISO14001; ISO 13485

---

### KAMRI

- **Reg. No.:** Ltd  
- **Legal form:** Ltd  
- **Address:** Aizkraukles iela 21, Rīga, LV-1006 Latvija  
- **Phone:** +371 67558773

- **Contact:** Mr. Aleksandrs Mihejevs  
- **Languages:** Latvian, Russian, English  
- **Number of employees:** 17  
- **Foundation:** 2002  

#### Turnover
- **2011:** EUR 710 000  
- **2010:** EUR 460 000  
- **2009:** EUR 350 000  

#### Main markets:
- Latvia, EU  

#### Business profile:
- Design and manufacturing of the factory automation equipment, non-standard applications.  
- Subcontracting in design.  
- Subcontracting in production and assembly.  

#### Certificates in use:
- none

#### Looking for cooperation in the area of:
- Design and manufacturing of the equipment for any production process automation according to the customer specific needs. Subcontracting in design, production and assembly.  

#### Technology facilities in company:
- Engineering, Manual milling, CNC milling, Turning, Mechanical assembly, Electrical assembly, Final assembly and testing  

#### Business activities according to NACE 2 codes:
- 3320

#### Comments:
- direct and indirect experience in supply for automotive industry:  
  - BEHR (USA), design of assembly line, operating as subcontractor of JOT Automation (Estonia).  
  - JOT Automation (Estonia) - design of units for assembly lines: components in-feed and orientation, handling, assembly.  
  - IPTE Mexico (Mexico & Estonia) - design and manufacturing of antenna punch, GSM module for BMW.  
  - IWM Automation (Germany) - parts manufacturing, sub-assembly of units like pallets, carriers etc.
